Dr Tobias Schneider

Specialist lawyer for construction and architects' law

Tobias advises principals and contractors on all questions of contract drafting, contract management and on the enforcement and defence of claims both in and out of court. His key practice areas are major infrastructure and real estate projects, although Tobias also advises principals and contractors on public procurement law. This includes the procurement of construction, supply and other services as well as utility tenders.

What others say

„Recommended for procurement law and construction law“

Legal 500 Germany 2018

„Lawyer of the year 2021 for public law (Bavaria); One of the most frequently recommended lawyers for construction law, real estate law and public law“
